**PLEASE SUBMIT THIS FORM ALONG WITH A FACE TO FACE, AND CLINICAL NOTES, i.e. doctors, progress, nurses, occupational therapy, and/or physical therapy notes. The notes must include diagnosis and the need for the equipment. Also, it is required that the date of this form is the same or after the date on the Clinical Notes and Face to Face. All notes and documentation must be received prior to delivery.**

**A, B, C, D, E and F or G, must be met to qualify for a standard wheelchair. All other wheelchairs, see the criteria under Mobility Devices.**

- A** The beneficiary has a mobility limitation that significantly impairs his/her ability to participate in one or more mobility-related activities of daily living (MRADLs) such as toileting, feeding, dressing, grooming, and bathing in customary locations in the home. A mobility limitation is one that:
  - 1. Prevents the beneficiary from accomplishing the MRADL entirely, OR
  - 2. Places the beneficiary at reasonably determined heightened risk of morbidity or mortality secondary to the attempts to perform the MRADL, OR
  - 3. Prevents the beneficiary from completing the MRADL within a reasonable time frame
- B** The beneficiary mobility limitation cannot be sufficiently resolved by the use of a cane or walker. **AND**
- C** The beneficiary's home provides adequate space to maneuver the wheelchair, and the beneficiary or caregiver is able and willing to use the wheelchair. **AND**
- D** Use of a manual wheelchair will significantly improve the beneficiary's ability to participate in MRADLs and the beneficiary will use it on a regular basis in the home. **AND**
- E** The beneficiary has not expressed an unwillingness to use the manual wheelchair that is provided in the home. **AND**
- F** The beneficiary has sufficient upper extremity function and other physical and mental capabilities needed to safely self-propel the manual wheelchair that is provided in the home during a typical day. Limitations of strength, endurance, range of motion, or coordination, presence of pain, or deformity or absence of one or both upper extremities are relevant to the assessment of upper extremity function. **OR**
- G** The beneficiary has a caregiver who is available, willing, and able to provide assistance with the wheelchair.

**Mobility Device** (select one and indicate size or type if applicable)

Wheelchair Standard (K0001)	<input type="checkbox"/> Patient weighs 250 lbs. or less
Wheelchair-Hemi (K0002)	<input type="checkbox"/> Patient weighs 250 lbs. or less and requires a lower seat height.
Wheelchair-Lightweight (K0003)	<input type="checkbox"/> Notes must indicate patient tried, but cannot self propel a standard w/c, but can self-propel a lightweight wheelchair
